

Iron Blossam's Exchange Policy

Units being listed with an exchange company must have owner assessments for the fiscal year being deposited prepaid. Iron Blossam's fiscal year is from June 1st to May 31st.

Once your unit is deposited for an exchange, you have relinquished all rights of usage to the exchange company. Your week confirmation from the Iron Blossam is sent to you as a courtesy. If you are exchanging, please do not return your confirmation form to the Iron Blossam. All exchange reservation confirmations are sent from the exchange company directly to you.

Some helpful hints!

- Many exchange destinations are in high demand and may be difficult to reserve. Please have second and third choices available.
- All exchanges are based on resort availability. Even if you own a one or two-bedroom accommodation, your desired resort destination may only have studio type units available. Do not anticipate that the resort will automatically upgrade you, the resort may not have the flexibility.
- Allow sufficient time for the exchange company and the Iron Blossam Lodge to complete the verification process. Usually three-to-five business days.
- Remember that once you have deposited your week with an exchange company, it then retains all rights of usage.
